ASU Colleges at Lake Havasu City: a small-college experience from a top university

dream it.
do it.

havasu.asu.edu
Enrolling at ASU Colleges at Lake Havasu City means you get a small, private-school experience with the resources of a major research university. As part of ASU, you’ll have access to an expansive support network of financial aid counseling, career services, transfer specialists and more.

You’ll be surrounded by support every step of the way.

- **Community**: A close-knit community of faculty, staff, and fellow students.
- **Virtual Library**: Access to ASU Libraries’ extensive electronic resources. Physical books are sent by FedEx at no cost, and our on-site librarian can assist with information searches.
- **Enrollment Coaching**: Guidance throughout the application process, including choosing a program and applying for financial aid.
- **15-to-1**: With an average student-to-faculty ratio of 15-to-1, your professors will get to know you.
- **Faculty and Staff**: Full-time, credentialed faculty and staff are here to help and guide you throughout your college journey.
- **Academic Advisor**: Your academic advisor will create your schedule so you get the classes you need to graduate in four years (or less).
Don't mistake our small campus for small ideas. Expectations of your work and your contributions in the classroom will be high.

Everything at ASU at Lake Havasu is new. This means you get to be a big part of creating not just your own college experience but the student experience for future generations of Sun Devils.

You'll have access to the vast resources that come from our Sun Devil tradition of service: our virtual library, free academic advising, the eAdvisor™ tool that keeps you on track toward graduation and so much more.

You can afford a degree that will take you far because ASU Colleges at Lake Havasu City offers a tuition that is not matched by many universities.
Business (Communication), BA
In this degree program, you’ll learn how to effectively communicate complex business information. This is the only major at ASU at Lake Havasu that is hybrid, meaning you’ll take classes both online and in the classroom.
Career opportunities include:
• chief executive
• copywriter or editor
• operations manager
• social or community service manager

Communication, BA
A communication degree will help you speak and write effectively as well as solve problems and manage relationships. You’ll have a complete understanding of the role and function of communication in public forums, organizations and more.
Career fields include:
• advertising, public relations, corporate communications and customer relations management
• legal professions
• corporate management and public administration

Criminal Justice and Criminology, BS
This program focuses on analysis of the theories, laws, policies and practices associated with understanding criminal and delinquent behavior, the law and the response to violations of the law.
Career opportunities include:
• criminal investigator and special agent
• police detective
• immigration and customs manager
• correctional officer
• intelligence analyst

Environmental Science, BS
Environmental scientists use their knowledge of the natural sciences to protect the environment and human health.
Career fields include:
• climate change analysis
• water resources
• zoology and wildlife biology

General Studies, BGS
The general studies degree prepares you to interact with diverse cultures in an ever-changing world. The theme of this degree is society and the individual.
Career fields include:
• sales
• social services
• organizational management
• government administration

Kinesiology, BS
Kinesiology is a discipline emphasizing the study of movement as it relates to physical activity, health, disease prevention and exercise.
Career opportunities include:
• chiropractic
dentistry
• medical school
• occupational or physical therapy

Life Sciences, BS
You’ll get a complete understanding of the life sciences with a focus on biology, chemistry and physics through course work, labs and research. An environmental science concentration is also offered in this degree.
Career opportunities include:
• lab technician or research associate
• wildlife biologist, environmental consultant or conservation officer
• scientific journalist or publisher
• medical professional

Organizational Leadership, BA
The organizational leadership degree will teach you to be an effective leader through the study of leadership theory and practice.
Career fields include:
• corporate, small-business, public and education administration
• sales and retail management
• nonprofit leadership
• training and employee development
• project management and strategic planning

Political Science, BA
Learn the theory, practice and policy of politics at all levels of government, including the research skills needed for analyzing complex local and world issues.
Career fields include:
• law
• community development
• public administration and public policy
• urban affairs and urban and regional planning

Psychology, BA
The psychology degree exposes students to multiple perspectives within the field, including clinical, cross-cultural, developmental and others, and is presented in a way that enables you to understand the relationship between psychology and other social and behavioral sciences.
Career opportunities include:
• youth or substance abuse counselor
• sales and marketing
• human resources and management

Sociology, BA
This degree provides a solid background in the theory, practice and policy of issues like social change, inequality and diversity, and how sociology contributes to the other social sciences and the humanities.
Career fields include:
• social services
• government and politics
• criminal justice
• health care

Ready to start but not sure of your major? Check out our exploratory options.

Exploratory Health and Life Sciences
Exploratory health and life sciences is for students who are not yet decided on a specific program but are interested in the health or life sciences fields. You’ll explore a variety of health and life sciences majors as well as take classes designed to help you choose your major.

Exploratory Humanities, Fine Arts and Design
If you’re interested in humanities, fine arts and design but are still undecided on a major, this exploratory track may be right for you. You’ll be exposed to a variety of majors related to humanities, fine arts and design as well as take major exploration courses.

Exploratory Social and Behavioral Sciences
If you want to study psychology, history, education, journalism or business but are still undecided on exactly which, consider exploratory social and behavioral sciences. You’ll learn about these majors and receive help choosing the major that’s right for you.

admission standards

freshman admission standards
Freshman applicants who possess a high school diploma and meet the following requirements will be admitted to ASU.

Successfully complete ASU’s competency requirement:

<table>
<thead>
<tr>
<th>Subject</th>
<th>High School Courses</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>4 years composition/literature-based</td>
</tr>
<tr>
<td>Mathematics</td>
<td>4 years one year each of: algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite</td>
</tr>
<tr>
<td>Laboratory science</td>
<td>3 years one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences and physics</td>
</tr>
<tr>
<td>Social science</td>
<td>2 years American history</td>
</tr>
<tr>
<td>Foreign language</td>
<td>2 years same language</td>
</tr>
<tr>
<td>Fine arts</td>
<td>1 year</td>
</tr>
</tbody>
</table>

Students must earn a minimum 2.00 GPA (4.00=A) in any subject area. Admission may be granted with one deficiency in no more than two competency areas. Deficiencies cannot be in both math and laboratory science. Most competencies may also be met by test scores or college courses.

Applicants must also meet at least one of the following (aptitude requirement):

- top 25 percent in high school graduating class
- 3.00 GPA in competency courses (4.00=A)
- ACT 22 (24 nonresidents)*
- SAT Reasoning 1040 (1110 nonresidents)*

* ASU does not require the writing portion of these tests.

Home-educated students
ASU welcomes applications from home-educated students. For admission requirements, see students.asu.edu/homeschool.

Freshman individual review
Students who don’t meet the admission standards will be evaluated through individual review. During this process, Admission Services will review all available information about a student’s application, carefully considering all aspects of a student’s academic background and accomplishments. Submission of an ACT or SAT score is highly recommended. In some cases, additional information might be requested.

transfer admission standards
A student must meet one of the following requirements for consideration as a transfer applicant: graduated from high school, earned a GED with a score of 500+, or completed an associate degree or be in progress toward an associate degree. Information for assured admission and individual review for admission is below.

Assured admission standards for transfer students
Arizona residents must meet one of the following requirements:

- completion of an associate degree with a 2.00 or higher GPA (4.00=A)
- Arizona General Education Curriculum (AGEC) with a 2.50 GPA or higher

Nonresidents must meet one of the following requirements:

- Completion of an associate degree with a 2.50 or higher GPA (4.00=A)
- AGEC with a 2.50 or higher GPA (For those students transferring from a California community college, ASU accepts the Intersegmental General Education Transfer Curriculum/California State University General Education patterns.)

Transfer individual review
Students who do not meet ASU’s assured admission criteria may be considered through the individual review process. Admission Services will review all available information about a student’s application, carefully considering all aspects of a student’s academic background and accomplishments. In these cases, additional information might be requested.

Students transferring with 24 or more transferable credits
Students with 24 or more transferable credit hours and a minimum 2.50 cumulative GPA (4.00=A) are given serious consideration through the individual review process.

Students transferring with fewer than 24 transferable credits
Students with fewer than 24 transferable credit hours must have a minimum 2.50 cumulative GPA (4.00=A) in all transfer hours and must meet the freshman aptitude requirement to be considered through the individual review process.

international admission standards
Freshman international students must have a 3.00 GPA or higher from a secondary school (4.00=A). Transfer international students must have a 2.50 GPA or higher from a college or university.

English language proficiency requirement
Success at ASU begins with a strong comprehension of the English language. Because our rigorous courses are taught in English and move at a swift pace, fluency in the language is necessary for understanding concepts and expressing yourself.

Applicants whose native language is not English must provide evidence of English language proficiency by submitting test scores from one of the following:

- Test of English as a Foreign Language (TOEFL)
- International English Language Testing System (IELTS)
- Pearson Test of English (PTE)

Conditional admission
ASU may offer conditional undergraduate admission to international applicants who meet the academic (aptitude) requirement but who are not proficient in English. Through conditional admission, students must first successfully complete the Advanced 2 level of the English language course at ASU’s American English and Culture Program or demonstrate English proficiency as stated above before being allowed to enroll in university courses.

Note: ASU reserves the right to independently test any student’s English proficiency upon arrival, including students who have met the English proficiency requirement, and may require support classes if the demonstrated level of English proficiency is not sufficient for academic success.

steps to applying
1. Submit your undergraduate admission application. Apply online at havasu.asu.edu/howtoapply.
2. Pay your nonrefundable application fee.
3. Send your official transcripts as soon as possible. Transcripts must be sent directly to ASU Admission Services from all institutions you have attended.
4. Request your test scores. Official test scores must be mailed directly to ASU Admission Services from the testing agency.

International applicants must provide evidence of English language proficiency. See above for the requirement. International applicants must also submit a financial guarantee.

excellent academics. personal attention. lower tuition.

We know college costs are the first thing on most families' minds, and we are committed to making ASU an affordable choice. ASU is here to work with you to finance your future. Remember, almost everyone qualifies for some form of financial aid no matter their family's income.

applying for financial aid
For most types of financial aid, you'll need to complete the Free Application for Federal Student Aid. Some financial aid is disbursed on a first-come, first-served basis — so don't delay. The FAFSA opens Jan. 1 of each year. Submit your FAFSA before ASU’s priority filing date of March 1 each year to maximize the amount of aid you receive. ASU’s Federal School Code is 001081. Apply online at fafsa.ed.gov.

merit-based scholarships
Upon admission to ASU, freshmen are automatically considered for the Havasu New American University Scholarship program, which recognizes exceptional students with generous scholarships and opportunities to succeed as they pursue academic excellence.

An ACT or SAT score is required for merit scholarship consideration. To see what you may be eligible for, visit havasu.asu.edu/financialaid.

important financial aid dates
November: ASU scholarship portal opens
Each November, ASU loads our scholarship portal with new scholarship opportunities for the next academic year and opens it up to admitted students. The portal collects your applications for different scholarships and saves your responses to common questions so you don’t have to provide the same information multiple times. scholarships.asu.edu/myportal

Jan. 1: FAFSA opens
February: most scholarship deadlines hit
March 1: ASU priority filing date
Remember, the earlier you take action, the better your financial aid options. fafsa.ed.gov
